SHAON AN NAFI

SOFTWARE ENGINEER

About Me

I am an enthusiastic undergraduate student pursuing a degree in Computer Science and Engineering. Passionate about technology, I am committed to excelling in the field and applying my knowledge to contribute meaningfully to the ever-evolving domain of computer science. Throughout my academic journey, I have built a strong foundation in programming, data structures, algorithms, and software development methodologies. I have also developed various personal projects and applications, showcasing my problem-solving abilities and innovation. Proficient in C++, Java, and Python, I am skilled in leveraging development frameworks and tools to deliver effective solutions. My analytical and critical thinking abilities empower me to approach complex challenges systematically, and I thrive in collaborative environments by utilizing diverse perspectives to achieve common goals.

Education

B.Sc. in CSE

2021 - current

Daffodil International University

HSC

2018 - 2020

Cambrian School and College

Contact

PROJECTS

- GUI-based OCR and PDF Helper (Python): Developed a Python GUI for OCR and PDF management, enabling text extraction and document processing.
- University Bus Management Android App (Java): Developed an Android app with Firebase backend for live university bus tracking and route management.
- FTP Server Tester (Flutter): A handy mobile application that detects all the available ftp servers available in the current connected ISP.
- Image to PDF Converter (React): Created a React app for converting multiple images into a single PDF with a user-friendly interface.
- Web Scraper for Tracking Programming Progress (Python): Developed a Python web scraper to track and analyze progress across coding platforms.
- IoT OMR Scanner with ESP32 CAM Module: Built an IoT-based OMR system using ESP32 CAM for real-time examination data scanning.

Skills

Programmer

Problem Solving

Creativity

Leadership

Tools

Language

- C, C++, Python, Java, Html, Css, JavaScript, Flutter, Dart, React .

IDE

- Vscode, Android Studio, Visual Studio, PyCharm, IntelliJ Idea, Dev C++, Brakets, Sublime, Genny, Netbeans, Eclipse.

Operating System

- Windows, Linux.

Hobby

- Photography
- Programming
- Design & Making
- Gaming
